Employee Separation Form Purpose:

The ***Employee Separation DocRoute Form*** has been developed to ensure more timely termination of employee access to various systems. This form is now available to University General supervisors or their designees for electronic notification to the Computer Services Center of employee and student employee separations.

Supervisors in the University General Division are required to submit an ***Employee Separation DocRoute Form*** within 24 hours of receiving notification of an employee's separation, to also include separation of postdoctoral fellows, student interns/externs, student assistants, work study students, graduate assistants, and graduate doctoral students.

The ***Employee Separation DocRoute Form*** is not submitted when an employee or student employee transfers to another department.

The ***Employee Separation DocRoute Form*** does not substitute for the Personnel Action Form or EPAF. A Personnel Action Form or EPAF must be completed on any separation.
